

Regarding Photos and Videos

Dear Valued Patient,

For most of us, snapping a photo on our smart phones is something we do automatically, without much thought. However, please be aware that to comply with federal privacy laws, we cannot allow anyone to take photos or videos while in our office. This rule will assist us in protecting the privacy of all our patients, as well as that of our doctors and staff.

If you'd like a photo of your child while in the operatory (first dental visit, etc.), please inform us first, so that we can take necessary precautions. Please instruct others who are with you, including children, of this policy.

We take privacy seriously; therefore, willful violation of this policy will result in the dismissal of the offender from the practice.

Thank you for your understanding.

I agree to follow the office policy regarding photos and videos.
